How Offset works:

Create

There are no limits with Offset. Each component can be covered in whatever you like. The whole sofa can be covered in the same fabric or leather or you can select something different for each component.

Choose

Offset is made up of different components that you choose. Start with the base and build it up with a seat, back, arm or table. It's up to you.

Swap

Offset has been designed to be flexible. Once installed each component can be moved around easily to create a different setting. One sofa, infinite possibilities. Lift, slide, slot, that's all it takes.

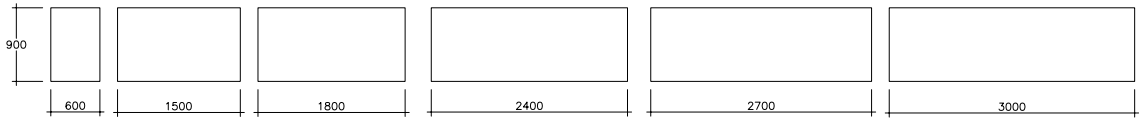

All images in this brochure include the same components -
4 seater base 2700mm / DS-60 / A-30 / T-60 / HB-120 / NS-90 / NS-30
